Your options...there are too many to name!

Drinks Reception

Do you have people in your party who will drink sparkling wine? Well, let's give them Prosecco or English Sparkling wine or Champagne! If not, why not consider putting money behind the bar and letting people choose their own drinks - and, don't worry, we'll ensure that top level dram isn't chosen! However you would like your post-ceremony drinks reception to look, we can help you to build it to fit in with your plans. Is there a gap between your ceremony and meal where you would like to take some time to enjoy the time with your guests, take photos and generally just 'be' in the moment then perhaps canapés are a good option; we can take you through the best options!

Your Meal

We want your big day to be exactly what you would like it to be so, when it comes to your meal, we'd like to offer you the food that you'll remember fondly when you think back on the day. As such, with a preference for a more formal meal, we have created three set menus that offer a variety of food styles (and prices!) for you to choose from; however, if something more informal with sharing platters would suit you instead then let us pick the best from the season to serve to you and your guests...it's really up to you! And, if there is something that we haven't offered but that you would love to include then let us know; if we can, we will be delighted to add it in!

Your Evening (full hire only)

Invite your evening guests to join you, when you're ready, to celebrate the rest of your big day; our public areas are intimate and well set out for a small group of people to add to your wedding party. Although we do not have an 'official' dance space, let us take you through the possibilities of an evening's entertainment at the Dowans; it can look however you would like it to look. And think you'll be peckish later on? Why not add an evening buffet to be served alongside your delicious wedding cake!
